

**CAM2 Low Sling
Bar & Chain Oil
Product Code # 174**

CAM2 Low Sling Bar & Chain Oil is a premium quality low sling Bar and Chain oil formulated to reduce dripping and sling off. This quality product is also formulated with virgin mineral and specialized additives to prevent wear and insure longer bar, chain and sprocket life. It is also formulated to provide excellent rust protection to protect bar and chain during storage.

CAM2 Low Sling Bar & Chain Oil provides protection for all makes of chain saws, motorcycles and farm equipment. It will also perform well in industrial applications using link chains requiring a high-quality bar and chain oil. It meets the need of both residential commercial and industrial chain saws operating under the most severe conditions.
