

**CAM2 Type A**  
**Automatic Transmission Fluid**  
**Product Code # 370**

**CAM2 Type A ATF is** for service typical of older transmissions calling for Type A ATF performance.

**CAM2 Type A Automatic Transmission Fluid** is blended from proven performance base oils and is recommended for use in automatic transmission requiring Type A Fluid. Type A is an economical fluid and is recommended for use in older transmissions where leakage and consumption may be a problem. A red dye is added to help detecting leaks by differentiating transmission fluids from other automotive fluids. Type A is not recommended for use where Dexron<sup>®</sup> or Mercon<sup>®</sup> fluids are specified.

**Always consult your owner's manual for the proper Automatic Transmission Fluid recommendation.**
