Marine 2-Cycle Engine Oil TC-W3

CAM2 Marine 2– Cycle Engine Oil TC-W3

Product Code # 324

CAM2 MARINE 2-CYCLE Engine Oil TC-W3 is ideal for two cycle outboards, snowmobiles, motorcycles, lawn equipment, snow blowers, chain saws, generators and other equipment requiring a TCW3, TC-WII, or TC-W product.

CAM2 MARINE 2-CYCLE Engine Oil TC-W3 was designed for high temperature / high output outboard engines on boats. It is a premium lubricant for all two cycle water craft. We use high quality base stocks, and high temperature detergents in CAM2 MARINE 2- CYCLE Engine Oil TC-W3. There is no better technology available in our industry.

CAM2 MARINE 2-CYCLE Engine Oil TC-W3 provides the best quality protection in all types of high performance two cycle engines calling for TC-W, TC-WII and TC-W3 oils and exceeds the performance of API TC Service classification which is commonly recommended for air-cooled two cycle engines.

FEATURES

- RUNS COOLER
- ENGINES WIND FASTER
- REDUCES DEPOSITS
- PREVENTS RING STICKING
- FORMS A PERMANENT LUBRICATING FILM ON BEARINGS
- EXCELLENT CORROSION PROTECTION ON LONG STORAGE
- MAXIMUM THERMAL STABILITY

Marine 2-Cycle Engine Oil TC-W3

CAM2 Marine 2-Cycle Engine Oil TC-W3

Product Code # 324

SPECIFICATIONS:

NMMA TC-W3 API TC

TYPICAL PROPERTIES:

Viscosity @ 100 C., cSt.

6.9-7.3

Brookfield @ -25C

<7,500

Color

Blue

CAM2 MARINE 2-CYCLE Engine Oil TC-W3 provides the ultimate performance for water craft engines. Freedom from wear, better cold starting, less plug fouling, higher power output, very lean oil/fuel ratios, better storage protection; there are many benefits of our premium TC-W3 two cycle oil. Always follow engine manufacturer's recommendation for dilution ratios. Depend on CAM2 for premium quality products.
