PRODUCT BULLETIN

CAM2® Blue Blood Elite 0W-40 Full Synthetic

API SN Plus
Product # 405

CAM2 Blue Blood ELITE Full Synthetic Motor Oil with Engine DETOX, Fast Action Additives is the premium choice for preventative maintenance in vehicles that operate under severe driving and temperature conditions. It is designed to provide protection against LSPi events in high RPM engines that experience extreme heat. It can be used in virtually all services for all gasoline engines, domestic and foreign. It is fully compatible with virtually all other synthetic and petroleum based engine oils.

CAM2 Blue Blood ELITE Full Synthetic Motor Oil provides the ultimate protection against wear, sludge/deposit build-up, while improving fuel economy. CAM2 Blue Blood ELITE Full Synthetic Motor Oil meets or exceeds API SN Plus. It is suitable for passenger cars, light trucks, powerboats, and other stationary and mobile equipment that require API licensed SN Plus, SN, SM, SL, SJ, SF, etc.

CAM2 Blue Blood ELITE Full Synthetic Motor Oil 0W-40 is designed especially for turbo-charged and high RPM engines which experience high heat. They provide quick flow to critical parts at start up to reduce wear. It has shown excellent performance in high performance applications such as FCA US (formerly Daimler-Chrysler) SRT applications requiring MS-12633 rated engine oils such as the SRT Viper, Viper GT3-R, Grand Cherokee SRT, Challenger SRT, and Charger SRT.

APPLICATIONS
CAM2 Blue Blood ELITE Full Synthetic Motor Oil 0W-40, may be recommended for the following uses:

• When API SN Plus oils are required
• When former MIL-L-46152D oil performance level is required
• ACEA A3/B3-16
• MS-12633 (formerly MS-10725)
• GM 6094M
• FIAT 9.55535-M2
• MB 229.3/229.5
• VW 502.00/503.01/505.00
• PORSCHE A40
• Nissan Genuine Performance

FEATURES

• Excellent protection from deposits at all operating temperatures.
• Excellent anti-wear, anti-foaming, anti-rust and corrosion protection
• Excellent cold cranking capabilities
• Excellent protection against accelerated oil consumption

See Technical Data on pg 2.
The above characteristics are typical of current production. While production will conform to CAM2’s specification, slight variations may occur and do not affect performance.

Special Handling, Notices, or Warnings
Avoid contact with skin. Rinse with soap and water immediately after skin contact. This product is unlikely to present and significant health hazards. Dispose of used oil properly.
