

PRODUCT BULLETIN

CAM2 140 Odorless Mineral Spirits

Product # 808

CAM2 Charcoal Lighter Fluid is a high quality, odorless, petroleum-based solvent used primarily as thinner for oil-based paints and varnishes. It is an excellent cleaner for paint rollers, brushes and spray tools, which have in contact with oil-based paint or varnish. It effectively removes greases, oil, wax and carbon from any surface including metal parts, ceramic tiles and vinyl surfaces.

Features/ Benefits

- Excellent clarity
- No odor
- Excellent solvency
- Degreasing power
